<b>Totals</b>	90

These calls totaled 451 man-hours and doesn't include meetings, training, and work sessions. I want to thank the families for the time and events that members miss during the year. We put our new Combi Tool into service in February after several training sessions.

This year we started a new dispatch protocol with Waterford Fire. We are both toned at the same time for 1<sup>st</sup> alarms in both towns. This helps us get more personell on scene for fires. This is working good at this time especially during the day when help is short. We still need volunteers for both fire and EMS if you are interested see one of the members for an application. This coming year we will be replacing gear as some of it is out of date and starting to show wear.

I would like to thank all the members and their families for time spent at calls and training and doing maintenance on the vehicles and around the station.
